EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in telephone interviews with Mrs. Susan Pellegrino on February 18, 2004 and February 23, 2004.

The application has been amended as follows:

In claim 6, page 7, line 3, after "represents a suitable leaving group" insert --wherein the suitable leaving group is halogen--.

In claim 9, line 1, delete "composition" and insert --formulation--.

In claim 12, line 4, delete "autoimmune diseases,".

STATEMENT OF REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance: The instant claims are drawn to methanesulfonamide compounds wherein the "A" variable has been limited to oxygen. The closest prior art of record, JP 03056431, teaches methanesulfonamide compounds wherein the moiety corresponding to the "A" variable in the instant claims is NH. The instant claims are patentable over JP 03056431 because JP 03056431 neither teaches nor suggests oxygen for the "A" variable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
